Background of IGF Youth Session

- To further develop the IGF Youth Strategy, and continue engaging youth in IGF processes, the IGF Secretariat together with the IGF 2022 Host Country – Government of Ethiopia, and all Youth IGF coordinators, is designing several capacity development activities implemented during the IGF 2022 process including at the 17th IGF in Addis Ababa. Close cooperation with several international youth-centric organizations is sought.
- Building on the demand from young people, as well as on the outputs of the last year's Global Youth Summit and related youth engagement opportunities, the IGF 2022 aims to create a set of activities to connect youth from around the world among themselves, but also connect youth to senior stakeholders, experts in Internet governance. As digital transformation was among the topics of interest to youth, capacity development activities will tackle specific issues nested under this broad theme.

Objectives of the Session

- Develop capacity on the overall concept of digitalization: look into opportunities and policy challenges it brings to policy shapers and makers
- Establish networking among youth people from across World
- Support cooperation among youth-focused initiatives involved or interested in Internet governance across World

Expected Outcomes

- Bring together over 30 youths to attend the session
- To ensure equal opportunity for youths involvement in IGF issue
- To build the capacities of youths in Liberia by providing special awareness on Internet governance

Organizer

Liberia Internet Governance Forum

The Liberia Internet Governance Forum (IGF) is Liberia's leading multi-stakeholder forum on digital and internet policy issues.

The IGF conferences proved their utility as global discussion platforms in terms of bringing all stakeholders around the same issue in a bottom up and open process. It is equally important to debate Internet issues at the national level with the participation of government, private sector, civil society, academia and technical community.
